Solid Waste Disposal Site - Supplement to Approval 1968, # 3
New Castle County Landfill
Tybouts Corner

New Castle County Council
Public Building
Wilmington, Delaware

Attention: Department of Public Works

Gentlemen:

Approval is hereby granted on a tentative basis to your plan
for disposing of waste tires at the County Landfill near Tybouts Corner.

This plan shall consist of: (1) Designating a special area for waste
tire disposal - separate from other waste disposal operations; digging a
hole down into the groundwater in this area; (2) Depositing tires for a
maximum period of two weeks; (3) Covering the tires with soil at a
minimum frequency of two weeks.

This approval will be adjusted if an evaluation of this method,
after a suitable try-out period, proves the method inadequate or if a
better method is found.

Sincerely yours,

Donald K. Harmeson

Donald K. Harmeson, Chief
Bureau of Environmental Health

Approved by:

Floyd I. Hudson, M.D.
